A NOTE FROM MARK & MELISSA

Three cheers for the Red, White & Blue...We hope you all enjoyed your Fourth of July holiday. Of course at Black Bear Lake, every day is a celebration! From the Great Bear Hunt where campers searched high and low solving clues to find the Great Black Bear, to the Crazy Hat Contest (kids loved getting Silly Bandz for prizes)- there is always something exciting going on at camp! Campers especially loved rockin' out with Camplified!

We would like to send a special thank you for all the staff who worked so hard to keep their energy high during those hot days! You guys are the best! Next week's weather should be a bit cooler so we can continue our exciting program - from old favorites like fishing and pottery to fun new ones like Peddle Go Karts and next week the National Circus Project is coming to work with junior campers -
